

Agreement Regarding Options Worksheets

For BU6 members (both peace and non-peace) who do not submit options worksheets, the State will place them in vacancies in their current classification in their county if they have sufficient seniority.

The State will only (1) bump, (2) place people in their primary or personal demotional pattern or (3) change time base to PICO if the BU6 member chooses those options on the submitted options worksheet.

Therefore, if a BU6 member does not submit an options worksheet, s/he could be laid off without bumping, demotion or assignment to PICO.
